Together, We Help Employers:

- Compress healthcare costs
- Effect positive lifestyle by encouraging healthy behaviors
- Build a healthy culture and a sense of community in the workplace

How We Do It

Wellness consulting at GBS is an employer driven strategy. Our focus is on containing healthcare costs through motivating employees to lead healthy lifestyles. We help foster a health-conscious workplace culture by building on current employer programs and creatively developing and integrating new initiatives that are focused on maximizing employee engagement. Our experienced consultants will help you:

- Assess employee interest, health status and readiness to change
- Define health cost savings opportunities
- Maximize resources, including health plans, employee assistance programs, vendor relationships and community partners
- Provide customized program consultation and design
- Evaluate processes and their impact

What You Can Expect

GBS' wellness professionals develop programs based on solid data, not assumptions. You get real results from a data-driven action planning approach. We help:

- Ensure the appropriate use of clinics, hospitals, emergency and urgent care facilities
- Reduce employee absenteeism, turnover and overall healthcare costs
- Increase employee productivity
- Recruit and retain valued employees
- Promote healthier and happier employees
- Build a sense of community among employees
